User Creation

The screenshot shows the ServiceNow 'User' creation form for a user named 'Katherine Pierce'. The form includes fields for User ID, First name, Last name, Title, Department, Password, Email, Language, Calendar integration, Time zone, Date format, Business phone, Mobile phone, and Active status. The 'Active' checkbox is checked. There are also checkboxes for 'Password needs reset', 'Locked out', 'Web service access only', and 'Internal Integration User'. At the bottom, there are buttons for 'Update', 'Set Password', and 'Delete'.

User Manne Nirajan

User ID	manne.niranjan	Email	niranjanreddymanne2507@gmail.com

2. Create a Flow To Operation Ticket To Platform Group

Conclusion

The implementation of the automated ticket routing system at ABC Corporation has been a significant success. By leveraging the capabilities of ServiceNow, we have streamlined the process of assigning support tickets to the appropriate teams, addressing the challenges of manual routing, and ensuring timely resolution of issues.
